Union Official Blames Imported  
Workers for Starting Trouble  
Which Ended in Massacre

(By the Associated Press.)

Washington, June 23.—President Harding was reported today to regard the Southern Illinois mine disorders as deplorable, while Secretary of Labor Davis, in a statement issued after consultation with the President, declared those responsible for the outrages should be punished to the fullest extent of the law.

White House spokesmen, in commenting on behalf of the President with respect to the Herrin troubles, said the administration, realizing that bitter hostility was being expended by the coal strike, was continuing effort to bring about a settlement. When asked as to the nature of these efforts, the reply was that disclosure of the government's hand might at this moment have a harmful effect.

Secretary Davis, however, let it be known that steps are being taken by the labor department to bring about at once a general meeting of operators and union leaders and that every conciliator with the department, in addition to four officials working directly under the secretary, were engaged in conference with the two parties to the strike.

Secretary Davis' statement said:

"Those who are guilty of this crime should be prosecuted to the fullest extent of the law. Surely those responsible for the continuance of this strike, both among the workers and among the employers, should seriously consider the fate of those workmen. Surely no better argument can be advanced for the settlement of the disputes around the conference table than the dead bodies of a score or more of American workmen, who met a futile death in this outbreak. Surely in this civilized age, matters of dispute between men in controversy can be adjusted without this resort to bloodshed."

"The Department of Labor deplors the violence which has resulted in the loss of life. American workmen on both sides of the controversy over the relations between the mine workers and the mine operators have been killed and injured."

Washington, Ill., June 23.—D. E. Dule, state's attorney of Williamson county, telegraphed Governor Small today that the list of dead at Herrin totaled 22, with 11 wounded.

## CONFLICTING VIEWS

## AS TO RESPONSIBILITY

(By the Associated Press.)

Herrin, Ill., June 23.—Attempts to sift through the maze of rumors, reports, contradictions and facts of the mine war to obtain an uncolored account of the events leading up to it, tonight after every thing was quiet, brought two authentic reviews of the affair, one from a union official, and another from a state military official.

Hugh Willis, district board member of the miners' union, in the first statement from union officials concerning the massacre, told newspaper reporters the blame lay squarely on the coal operators who had imported strikebreakers.

He declared that the first shots were fired by the strikebreakers and that these shots were without provocation, and that one of the chief causes of the disaster was the high-handed manner in which the importers forced upon private citizens, without let or hindrance, the policy of "shoot to let them leave the mine."

Robert Samuel Hunter, of the state adjutant general's office, who had in charge investigation of the disaster, the following being the salient points of his report:

"The Colonel Hunter on half a dozen occasions asked Sheriff Thaxton whether county officials if they wanted troops sent here but was told that it was not their business to do so. He stated that the local authorities could handle the matter."

"He then urged the mine officials to close down to avert a disaster, but that they refused."

"That on indication of 600 miners was held just outside Herrin the day before the fighting started, and that he persuaded the besetted workers to run up a white flag and of the threat from miners' officials for a truce but that this truce was broken, by whom he did not know."

"His reports formed the armed guard at the mine 'gunmen.' Mr. Willis stated that John L. Lewis' telegram that the imported men should be treated as 'common strikebreakers' did not incite the trouble."

Herrin: Unhonored Dead.

Their unhonored dead lay pale and stark tonight in the vacant store building that had been pressed into service as a hospital since yesterday's mine battle. Past them filed an endless line of men and women, young and old, barefoot boys and little girls brought in their summer clothes.

Never a word of pity came from the crowd. These were the enemy slain in a labor war. These were the men who came to take away their

HUMAN GLANDS  
NOT EMPLOYEDHarold McCormick's Surgeon Does  
Not Deny, However, That There  
Was a Gland Operation

Legislation to Prohibit Traffic in  
Human Glands Will Be Intro-  
duced in Legislature

Chicago, June 23.—Denial that human glands were used in the recent operation on Harold McCormick, chairman of the executive board of the International Harvester company, was made today by Dr. Victor Lespinasse, the operating surgeon. Dr. Lespinasse refused to state what glands were used or further to explain the operation.

The surgeon did not deny that there had been a gland operation, but simply said that no part of a human body was used in the operation. The denial completely controverted the reports that glands had been bought from a "poor man" for use in the McCormick operation.

Dr. Lespinasse's statement was made in a bulletin issued from Wesley Memorial hospital, where Mr. McCormick is convalescing from the operation. It read as follows:

"Mr. Harold McCormick is in excellent condition today. The story that any part of any other human body had been, or will be used in the treatment of my patient has not the slightest foundation in fact."

"His mental condition is bright and cheerful."

Dr. Lespinasse refused to amplify the bulletin, except to say that Mr. McCormick would likely remain at the hospital a few days longer.

## Illinois Officials Aroused

Chicago, June 23.—Legislation to prohibit traffic in human glands will be introduced in the next session of the Illinois Legislature, according to two members of the General Assembly. Representatives Thomas J. O'Grady and Lawrence G. O'Brien, Democratic minority members from Chicago districts.

They declared that persons should be prohibited by laws from selling any part of their bodies, or from buying tissues or glands from the body of another.

"Why isn't it possible for science to improve the human species by proper grafting of glands?" Dr. Roy C. Upham of Brooklyn, N. Y., asked at the convention of the American Institute of Homeopathy.

"Luther Burbank has shown that plants can be improved by grafting other tissues from one plant to another," he said, in opposing any legislative interference with gland transplantation operations.

While disapproving legislative action on gland surgery, speakers criticized the widespread use of glandular products as general cure-alls.

SENATE AND HOUSE CONFEREES  
IN AGREEMENT ON NAVAL BILL

Washington, June 23.—A senate provision for continuing work at a normal rate on new naval vessels under construction and appropriating \$3,000,000 to initiate a civilian naval reserve was retained in the naval appropriation bill under a complete agreement on the bill reached today by the senate and house conferees.

Appropriations for dykes and dredging of the Mare Island Canal, navy yard increased from \$500,000 to \$750,000. The house conferees agreed to senate increases of \$500,000 for a new pier at the Puget Sound, Wash., navy yard, and \$187,500 for improvements at the Pearl Harbor, Hawaii, station.

MINISTER CONVICTED OF  
KILLING DEPUTY SHERIFF

Charlestown, W. Va., June 23.—The Rev. J. E. Williams, charged with fatally shooting a Logan county deputy sheriff in the miners' march of last August during labor disturbances in the southern coal field, tonight was found guilty of murder in the second degree by a jury in the Jefferson county circuit court.

The jury was out one hour and 55 minutes. The defendant received a verdict in the same calm manner that he marked his bearing during the past two weeks.

## SENATOR'S IRE AROUSED

Washington, June 23.—Reported objections of wealthy residents of Westchester county, N. Y., to location of a Veterans' Bureau hospital roused the ire of Senator Ashurst, Democrat of Arizona, who today told the senate that such objections were "insulting" to American former service men. He demanded that the senate committee in charge of war veterans' affairs go to New York and investigate the situation.

## FOUR DEAD IN MANITOBA

Brandon, Manitoba, June 23.—Four are known to be dead and an unknown number injured as a result of the storm which swept the central portion of Manitoba early today. At least three were seriously injured. An increase in the casualty list is expected when complete reports from all regions of the province are available.

## POSTMAN MADE GOOD CATCH

New York, June 23.—Henry M. Druckman, a postman delivering mail in Brooklyn, saw a baby climbing out of a window, and ran across the street to notify its mother. As he came under the window, the baby fell, and Druckman, opening his empty mail bag, caught the youngster in it unharmed.

YOUTHFUL NEGRO HANGED  
FOR ASSAULTING GIRL

Houston, Texas, June 23.—Warren Lewis, 18, a negro, was hanged at New Dacus, Montgomery county, late today after confessing to a mob of 300 that he had attacked a young white woman, according to word received here tonight.

Before hanging the negro, the mob allowed him to make a speech to scores of negroes who had collected. He advised them to "do the right thing." All is quiet tonight over the county.

GENERAL LORD TO  
SUCCEED DAWESFinance Officer of Army Becomes  
Director of the Budget  
on June 30

Washington, June 23.—Selection of Brigadier General H. M. Lord, chief of finance of the war department, to succeed Charles G. Dawes as director of the budget was announced today at the White House.

General Lord for some time has been generally regarded as the probable successor of Director Dawes, who will retire June 30, in accordance with his understanding with President Harding that he would guide the budget bureau through the first year of its life. General Lord, who is a native of Rockland, Me., is a former newspaperman but has been in the army since 1898. He became finance officer of the army after having served for several years as assistant to Major General Goethals, who held that post.

The White House, in letting it be known that General Lord would become the new budget director, said that expenditures of the government for the fiscal year 1922 would be \$1,750,000,000 less than for the fiscal year 1921. This amount, it was asserted, indicated a saving of \$100,000,000 more than has been previously estimated.

SHIPPING BOARD VESSEL  
SEARCHED FOR MUNITIONS

Belfast, June 23.—The United States Shipping board steamer Seattle Spirit, on which a shipment of munitions was found after the vessel had been held up by the British authorities in Tralloe bay three weeks ago, underwent a thorough search today.

Investigation by Chairman Lasker of the United States Shipping board of the circumstances surrounding the seizure of the Seattle Spirit disclosed, according to Washington advices, that a shipment ostensibly of 40 barrels of food proved to be 40 barrels of munitions. Further information was being sought by Chairman Lasker, with the view of referring the matter to the United States attorney general for action by the department of justice.

CONVICTED OF TRICKING  
\$5,400 FROM BLIND WOMAN

New York, June 23.—Accused of having tricked \$5,400 out of a blind woman, with whom he had gone to school as a boy, William H. Copeland, 76, of Jamestown, N. Y., today was convicted of grand larceny in a Brooklyn court.

The complainant was Miss Maria Wall, also 76, who said that Copeland, as her life-long friend, had assisted her in making out papers transferring a part of a \$20,000 inheritance from one bank to another. Following the transfer, she testified, \$5,400 was missing. Copeland admitted possession of the money, but said it had been given him as a gift. Sentence was deferred.

JAPANESE CABINET DECIDES  
ON EVACUATION OF SIBERIA

(By the Associated Press.)  
Tokyo, June 23.—The Japanese cabinet today decided that Japan should evacuate Siberia, according to reports carried by the Japanese news agencies. The decision has been referred to the imperial diplomatic council.

The cabinet decision to withdraw from Siberia is declared to constitute a renunciation of Japan's policy in that country. The date of evacuation will not be fixed until after the matter has been considered by the diplomatic advisory council tomorrow.

## WAR VETERAN ARRESTED

New York, June 23.—Nathan A. Sisson, 31, was arrested here tonight as a fugitive from justice on a warrant issued in Buffalo where the police said he is wanted to help account for the alleged disappearance of \$22,000 of the funds of the World War Wounded club of that city. Sisson, the police said, was one of the organizers of the transfer. The date of arrest will not be fixed until after the matter has been considered by the diplomatic advisory council tomorrow.

WOULD KEEP LIQUOR MEN  
OUT OF DRUG STORE FIELD

Berkimor, June 23.—A resolution instructing its legislative committee to work for the enactment of a law limiting ownership of drug stores to registered pharmacists was adopted at the convention of the New York Pharmaceutical association here today.

The purpose of the movement, it was explained, is to keep out of liquor dealers out of the retail drug store field.

## GUILTY OF VARGATA MURDER

New York, June 23.—Antonio Moreno was found guilty tonight of the murder of five-year-old Giuseppe Vargata, who was kidnapped in May, 1921, and afterwards drowned in the Hudson river. Sentence will be passed next Wednesday. The jury was out over eight hours.

SWARM OF BEES LIGHT ON  
TIRE ATTACHED TO AUTO

Elmira, June 23.—Coming like an earthquake, a swarm of bees sailed over the main street of Corning late this afternoon and seeking a point to park for the night, volplaned to the spare tire of a car occupied by a touring party. Max Pettibone, a rural resident, separated from the crowd of stand-offish spectators, borrowed a barrel from the grocery store, and hived the colony.

"Finding the keeping," he remarked, "and grandpa always told us that a swarm of bees in May is worth a load of hay, while a swarm of bees in June is worth a silver spoon."

And Max got away with it, bees and all.

ONE OUT OF EVERY SEVEN  
OFFICERS WILL BE "FIRED"

Washington, June 23.—Approximately one out of every seven officers in the regular army must be turned out into civil life by January 1 next, according to a preliminary estimate made today at the war department of the meaning and effect of the compromise reached by senate and house conferees on the army appropriation bill.

The unofficial study of its provisions indicates that 2,000 or more officers must be dropped entirely within the next six months.

Of those officers to go, the great majority will be from the line and many others probably will be demoted one grade.

DEONDAGA FLOODED FOR  
THIRD TIME IN FORTNIGHT

Syracuse, June 23.—For a third within a fortnight creeks and brooks of Onondaga county overflowed their banks last night, again falling disastrously for 36 hours ceased only this morning and at noon conditions in the floodwater basin were returning to normal. There was little damage in the city of Syracuse from the latest rise of water. Outside of the city conditions following the protracted rainfall were as bad as after the cloudburst. The flats immediately east of Orville were flooded.

Butternut creek went over its banks and at Fayetteville Limestone creek and Elbow brook were both swollen to flood proportions.

Two-Thirds Requirement Is Scri-  
ous Threat to Country's Future,  
Rep. Burton Declares

(By the Associated Press.)  
Chautauque, June 23.—The requirement of a two-thirds vote for treaty ratification in the senate is a serious threat to the whole future of the United States, declared Representative Theodore E. Burton here tonight. Mr. Burton was speaking before the biennial convention of the General Federation of Women's clubs at the climax of a day devoted to speeches on international problems.

Mr. Burton declared that the accomplishments of the league of nations "have been very disappointing to its friends," among whom he named himself, and he praised the accomplishments of the conference for the limitation of armament.

Dr. L. S. Rowe, director-general of the Pan-American union, who was the second speaker at this evening's session, declared that "fundamental changes" must take place in the public attitude before a prolonged period of peace can be expected and urged a wider application of conferences between nations as a means of settling difficulties.

## NINETEEN ARRESTS WERE MADE

Fifteen men and one woman were arrested in the raids throughout London last night in connection with the assassination. It was announced in the house of commons today by Austen Chamberlain, the government leader. He stated that every step possible was taken for the protection of life in Ireland and England, and intimated that a discussion of Irish affairs would be held Monday. Prime Minister Lloyd George, he stated, was now holding a conference on all matters connected with the assassination of Marshal Wilson.

## WRESTLERS GO TO A DRAW

Boston, June 23.—Stanislav Zhyzako and George Cuban, Italian heavy-weight champion, wrestled to a draw here tonight. Each won a fall, but neither could repeat, and after an hour and 30 minutes' wrestling the bout was declared a draw.

## REPUBLICANS DISAVOW ACT

Thus far the Republicans in Ireland who have spoken regarding the assassination, including Eamonn DeValera, have disavowed any knowledge of the crime or its perpetrators. Mr. DeValera tonight, however, issued a political manifesto in which he denounced the policy of the British government and that of Ulster as the cause of such outrages. Sir James Craig, the Ulster premier, also issued a statement in which he asserted that the assassination would serve to widen the breach.

O'Brien, one of the two men arrested after the assassination, was until yesterday employed as a cooper at the ministry of labor, according to the Evening News, which says he gave the name of "J. Sullivan" and a London address. He spoke of his home being in Waterford.

He did not conceal his strong Nationalist sympathies when discussing politics with a reporter. He often talked about the land league, apparently having read much Irish political propaganda. He spent his holidays invariably in Ireland.

During the last few days, the paper says, O'Brien was on duty at the embankment entrance of the ministry. He was popular among the staff because of his light-hearted temperament and his talent for singing Irish songs. His friends describe him as quiet and good tempered. He is unmarried.

Central News Reports Conspiracy.

The police investigating the assassination have come into possession of documents, says the Central News today, disclosing a conspiracy to take the lives of a number of prominent persons and conduct a campaign of outrages. The two men arrested for the actual commission of the crime, Connelly and O'Brien, the agency says, are both former soldiers who have been living in Craydon, a London suburb.

Efforts to trace the murder to the instigation of any special persons or parties in Ireland have not succeeded thus far. In Ulster it seems to be widely taken for granted that the Irish Republican army was responsible, but no proof is offered, and General Owen O'Duffy's denial stands unchallenged. The Irish chief of staff also told inquirers that the fact one of the murderers carried a copy of the I. R. A. official paper was without significance, as the paper has been for sale in public book stalls for some time past.

All reports from Ireland indicate that the murder has produced an uneasy feeling among law-abiding people, apart from the natural indignation at the cold bloodedness of the crime.

Defeats Mackmen, 3-0, in Pitching Duel with Heilmann.

Washington, June 23.—Washington defeated Philadelphia, 3 to 0, today in a pitching duel between Johnson and Heilmann. Only two singles were yielded by the latter until the eighth, when Goebel hit over Miller's head for a home run. Pleinich then walked, reached second on Bluge's sacrifice and scored on a solid single to center by Johnson, who took an extra base on Miller's fumble and scored on a single to center by Judge. It was Johnson's second successive shutout.

## SCRANTON SUFFERS DEFEAT

Wildie Twirls Good Game—Eight Scranton Batters Fanned—E. J. Legion Today.

Two days of enforced rest harmed the Oneonta Giants not a bit, but the lay off that Scranton was compelled to share with them yesterday did not seem to have benefited the miners any, for they proved more or less easy picking for the Bridwell clan yesterday afternoon at Neahwa park diamond, the score being 5 to 1. Haus opposed the locals on the mound and he twirled good ball, but the support behind him was rotten, especially in the seventh. The one notable play they staged well was the last one. Steffen hit to Haus, who made a valiant attempt to spear the bullet-like drive as it went by, but deflected it so that Harris, by good work, got the ball to first for a put-out.

Wildie shoved them over for the home talent and he was effective. While twelve hits of the game were evenly divided between the teams, the visitors' clouts were separated by considerable distance for the most part, while Oneonta made hers count, aided by errors on the part of the enemy. Wildie passed a couple and caused nine to fan.

The locals got one across in the first. Farrell got an infield bingle to short. Alexander sacrificed him to second. Hatch hit a slow grounder to the twirler for the second out, Farrell taking third. Hermann slammed into the ball, sending it to third, the guardian of that position juggled the pill and then threw it badly to first, Hermann stopping at second and Farrell crossing the rubber.

The next tally came across in the fourth. Hatch singled, but was forced at second. Bridwell's out put Hermann on second. Steffen got a bingle by putting the ball between third and short into left field. Hausmann making the plate on the play.

It looked in the sixth as if Scranton might come across with a run. Haus, first up, singled across second into center. Then Harris and McGuire fanned for the second time of the game, clearing things somewhat, but Ted Walsh got a double base hit to left field, putting the twirler on third. Leonard was passed though some thought he was out on strikes. The decision on the part of the ump, roused Wildie for a short time, and he then went after Fenz and with determination fanned him, amid the shouts of the multitude.

Inning No. 7, netted Oneonta a trio of tallies. Steffen hit a one base drive to right field. McCarthy hit to third, but Leonard, then playing second, let the ball go by when the throw was made to head off Steffen. Daddy Reid bunted with all the intentions of a short trip to the bench, but Ted Walsh also was letting them go by him for an easy retirement, he permitted the egg to go out beyond reach, making no effort to retrieve the sphere, the runners continuing to proceed homeward all the while. It was not until Reid had rounded third that the rightfielder got the ball and threw for the plate, but Daddy beat the peg easily. Four bases on a sacrifice is somewhat unusual.

The coal diggers did break the ice in the last frame. Ted Walsh partially made up for his error by a second double to left field. Leonard tied it right and center fanned. Higgins singled between left and center, scoring Ted Walsh. Higgins was out at second, trying to stretch his single into a double.

This afternoon the E. J. Legions will be on hand at 3:30.

## GREAT TURF EVENT AT LATONIA TODAY

Eight Stellar Three-Year-Olds Will Match Worth in \$50,000 Kentucky Special

Cincinnati, June 23.—The eyes of all those who admire the thoroughbred are turned to Latonia, for tomorrow afternoon, under skies that the weather man says will smile a sunlit approval, and over a fast track, eight of the stellar three-year-olds of the American turf will match speed, courage and endurance in the \$50,000 Kentucky special race over a mile and a quarter. Also to the winner will go a cup valued at \$2,000, to be presented by Governor Edwin F. Morrow of Kentucky, emblematic of the championship.

This classic, a masterpiece of racing, will bring together the fleet Morvich, Pillory, Whiskaway, Olympus, Deadlock, Cherry Tree, John Finn and Thibaudaux, all of the same weight—126 pounds.

## YALE VARSITY CREW OUTROWS HARVARD BY THREE LENGTHS

Blue-Tipped Oars Show Way at End of First Half Mile and Hold Lead Throughout Four Miles of Course

(By the Associated Press)

New London, Conn., June 23.—Rowing a steady, sustained stroke of 32 to the minute for the full four miles, the Yale varsity crew defeated Harvard's eight by close to three lengths in the feature race of the fifty-fifth regatta of the rival universities on the Thames river here last afternoon.

The superiority of the Yale crew is well illustrated by the official time for the race, which was won in 21 minutes and 53 seconds to Harvard's 22 minutes and 6 seconds.

The blue-tipped oars were showing the way at the end of the first half-mile by three-quarters of a length and this distance had been increased by a few feet of open water at the mile. At the half-way mark, Yale was in the van by two and a quarter lengths.

Here the Cambridge combination made its one real desperate effort to overtake the leaders and, raising the stroke to 34, slowly crept up for the major fraction of a shell length, but Yale soon regained the advantage of full two lengths.

Straightening out for the final mile drive to the finish line, the Eli sweepers gradually carried the stern of their shell a few feet at a time away from the Crimson craft. The two-length lead increased to two and a quarter, to two and a half, and to a chorus of steam yacht whistles and sirens, in the last few strokes drove ahead until all full three lengths separated the shells.

The Harvard freshman eight oared crew defeated Yale freshmen in a two-mile race on the Thames, the first of the three events. Harvard won the race by several lengths. The time was 11 minutes, 19 seconds. Yale caught the water first and led by a length at the first mile.

The Harvard junior varsity eight defeated Yale's junior varsity in a two-mile race. Harvard won by two lengths. The official times were: Harvard, 11 minutes, 5 seconds; Yale, 11 minutes, 16 seconds.

The Yale shell began to fill slowly after passing the mile mark and fell behind. Within 200 yards of the finish the Yale craft swamped and the crew stopped rowing, while Harvard passed over the finish line a winner. A navy launch took off the Yale oarsmen from their waterlogged shell.

### Drills Continue on the Hudson

Poughkeepsie, June 23.—Championship form was displayed by the Navy eight on the Hudson in a trial this afternoon which was unofficially approximated a little in excess of 14 minutes, only a few minutes away from the record for the local course hung up by the Annapolis crew last June, 13 minutes 59 seconds.

Columbia's crews kept upstream today, while Syracuse went down river in morning and afternoon, TenEyck evidencing more satisfaction with the work of the Orange eight than he has heretofore. Cornell in its morning and afternoon drills down river made it a favorite with the small vanguard of rowing enthusiasts which has arrived for Monday's regatta. Pennsylvania's drills continued to draw the approbation of Coach Wright.

The proposition to make the  
Mitchell Street school bonds for short  
terms only is one which will meet  
with general approval. In an earlier  
period it was the custom to issue state  
or municipal bonds for a long term,  
making the annual payments as small  
as possible, apparently with an idea  
of lightening the annual burden of  
taxation. This was done in this city  
in the case of the first paying bonds—  
issued as long ago as 1890; and,  
though the wooden blocks were long  
ago worn out and discarded, the city  
has only recently extinguished the  
debt. The same thing is true also of  
other bond issues of about the same  
period, which even now are only ap-  
proaching completion in their pay-  
ments.It was a frequently expressed senti-  
ment a score or two of years ago that  
public improvements are not merely for  
the living, but for posterity, and  
that the latter should bear part of  
the burden. While there may have  
been something of truth in the state-  
ment, it was too often made a vehicle  
for immediate extravagance in expendi-  
tures, since the long-term method,  
with possible extensions, the actual  
settlement might be continued indefi-  
nitely. The modern sentiment differs  
essentially from this in the view that  
while posterity will to some extent  
benefit from our acts, posterity will  
have its own emergencies to meet and  
its own burdens to bear. For us to  
unduly load them with ours, there-  
fore, is palpable injustice.Accordingly, the never plan, which  
sets a nearer limit for the payment of  
a bond issue, has generally in recent  
years been adopted. It is a good plan  
in that it lightens, as above stated,  
the burdens of others, who will un-  
questionably have burdens of their  
own. Also it is a good plan since it  
tends to a reasonable degree of thrift.  
It would not, of course, be wise by a  
single tax levy to extinguish a large  
debt in a single year, when this ex-  
penditure is extraordinary and is not  
made for the meeting of current ex-  
penses. But it is a judicious thing to  
make the term short enough to get  
the present debt well out of the way  
of others which will be sure to follow.In the case of Oneonta, for instance,  
it will doubtless be necessary to bond  
heavily in a few years for the con-  
struction of a sewage disposal plant.  
Before this time it will be well if a  
large part of the current debt is ex-  
tinguished. Otherwise the burden  
which then the city will of necessity  
assume will seem excessive. It is a  
fine thing as far as possible to pay  
our own way, and it is not a fair  
thing unduly and without their con-  
sent to burden the generations to come.THURSDAY WAS LONGEST DAY.  
Thursday, June 22, was the longest  
day in the year—the day on which  
the sun in his apparent course en-  
tered the constellation Cancer and  
summer began. From this time the  
days will shorten a little at first and  
later more appreciably, though it will  
be well on into July before the short-  
ening is noticeable. As for tempera-  
ture, the shortening of the days by  
no means mean a fall in the monthly  
average. For at least two months the  
weather will remain much as at present,  
and the earth will continue to  
store up in her bosom the warmth  
which with the greatly shortened  
days of autumn will be needed.There is an old adage, apropos of  
winter, to the effect that "when the  
days begin to lengthen, the cold be-  
gins to strengthen," which in effect  
is that the coldest days are not in  
the last of December but a month or  
so later, when in fact the days have  
begun to grow longer. The converse  
is true at the time of the summer  
solstice. The days begin to shorten,  
but for a considerable time to come  
they will grow warmer, reaching  
the apex of summer heat in mid-  
August.An Eloquent Appeal.  
"It's a long, long trail since Appomattox," says Corporal James Tanner  
of Washington, honored here in his  
old home county and all over the  
United States. An address, filled with  
the enthusiasm of the spirited officer  
of the Northern army in the conflict  
of the 60's, occupies a prominent  
place, with his picture, in the May 30  
edition of the Boston Globe. The  
closing paragraph of his forceful ad-  
dress reads: "My comrades, I adjure  
you to hold your heads a little higher  
this Memorial day than you ever  
have before; the far-reaching results  
of the service and sacrifice of you  
and your comrades, living and dead,  
warrant it. We are looking over the  
western horizon, across the River  
Styx; we hear the rattle of the car-  
racks of old Charon's boat as he ap-  
proaches to ferry our souls to the  
other shore. Meet him with smiling  
maintenance, with a triumphant ex-  
pression, with a though given to the  
great mass of patriotic souls waiting  
to greet us on that shore, confident  
that when we land we shall be met  
as they were, with the approval from  
the Prince of Peace: 'Well done,  
good and faithful servant; enter thou  
into thy reward.' " — [Cobleskill

## CURRENT HOUR DISCUSSIONS

Goodby, "Sweet Alice?"

It is refreshing news that Stacy  
May of Amherst college brings in his  
statement that "The Sweet Alice, Ben  
Bolt," type of girl is passing. It is  
pleasing to all save those who would  
put six lumps of sugar in the demit-  
tase of girlhood. The saccharine  
Alice, whose lachrymose ducts exud-  
ed copiously upon the least provoca-  
tion, has, says Mr. May, "bobbed her

ware department of a big store." For  
which, thank!—[Syracuse Post-Stan-  
dard.Taxicabs of the Air.  
The taxicab on land has vindicated  
itself by its convenience, cheapness  
and service. A somewhat similar sys-  
tem has already been started for air  
travel abroad. At the Croydon Air  
station, near London, an airplane taxi,  
seating three passengers, is maintained  
ready for immediate flight, the rate  
being a flat charge of less than fifty  
cents a mile. A traveler on an east-  
bound ocean steamer nearing Eng-  
land can call one of these air taxis  
by wireless and find it waiting his ar-  
rival. —[New York Herald.The Same Old Criticism.  
From Democratic sources the tariff  
is being attacked along the very same  
lines that other Republican tariffs  
have been attacked, on the ground  
that the sugar trust, the steel trust,  
the cotton trust would be enormously

ignored his orders. —[Pittsburgh Dis-

The naval appropriation bill, as  
passed by the senate carries \$295,450-

The conference committee has prob-  
ably split this difference, making the  
1922-23 appropriation about \$270-  
000,000. The navy cost next year will  
be down almost to a pre-war total,  
taking into account the decline in the  
purchasing power of the dollar. We  
shall have a more powerful navy than  
we had before the war, and be paying  
very little more for it. —[New York

and Benjamin returned to Oneonta  
later in the day and will resume his  
duties.White the merits of the case will  
be argued on the appeal it is under-  
stood that the court in granting the  
application intimated that there exists  
some doubt about the offense commit-  
ted by Benjamin being larceny, it be-  
ing open to question whether he in-  
tended to appropriate to his own use  
the distributor pencil which he re-  
moved from the town tractor or to hold  
it until his claim for damages had  
been adjusted and to bring the town  
superintendent to him for a settle-  
ment.Admitting the obligation to support  
all town officials in the discharge of  
their duty and to prevent any inter-  
ference with the progress of their  
work, it was argued that the offense  
was one that might properly have  
carried a fine and that a jail sentence  
under all the circumstances was rather  
excessive.It would appear that extended lit-  
igation may result as it is understood  
that Hon. George L. Boeckes has also  
been retained by Benjamin and that  
determined effort will be made to  
prevent his having to serve the 30  
days imposed by the justices court.Admitted in Pennsylvania.  
Hon. Charles C. Maesch of Una-  
dilla has been admitted to practice  
law in the state of Pennsylvania and  
was sworn in at a term of the United  
State court held at Scranton Tues-  
day. Increasing business in that  
state, particularly in accident cases,  
made it advisable that Mr. Maesch be  
eligible to appear in the Pennsylvania  
courts. He was admitted to practice  
in New Jersey some time ago.Promoted to Engineer.

## LOCAL MENTION

—The E. A. Simmons family reunion will be held at Neahwa park today. It is expected that with the favorable weather that is promised, there will be a large attendance of the family membership.

—There will be no change in the time table of the D. & H. Susquehanna division, on Sunday, though on the northern divisions there will be new trains and many changes of running time during the summer. The time also on the Cooperstown and Cherry Valley branches remains the same.

—The attention of patrons of the Ulster and Delaware railway is called to the fact that the summer time card becomes effective Sunday. Parties desiring to take the trains tomorrow should note that the leaving time is 7:20 and 11:50 a. m. The trains of today are of course in conformity to the existing schedule.

—Captain and Mrs. William Harrison will hold their farewell service at Salvation Army hall Sunday evening, commencing at 8 o'clock, with Rev. J. C. Johnson in charge. The public is invited to attend. Captain Harrison hopes to be able to announce his future field of activity at this service, although up to yesterday he had received no notice, other than that he is to leave Oneonta on June 30.

—The Susquehanna division baseball team will play the Pennsylvania division outfit at Scranton this afternoon in the third game of the season between the two clubs. The Penn boys winning the first two. Davis will start for Brodie's men. A special train leaving here at 9 a. m. will convey the team and rooters to Scranton and all railroad men are invited to make the trip. Transportation will be furnished gratis through the courtesy of the D. & H. company.

## E. J. LEGIONS HERE TODAY

Clouting Aggregation from Shoe Town Will Stack Up with Oneonta Giants at Neahwa Park at 3:30.

A treat is promised those fans who wend their way to Neahwa park this afternoon for the opposition to Brooklyn. Giants will be furnished by the Endicott-Johnson American Legion team, practically the same outfit that furnished strenuous opposition to Oneonta last year under E-J colors. This game will be called at 3:30.

—The E-J team was organized last year under the auspices of the Endicott-Johnson corporation and was under the management of Bill Fisher. This year the team is controlled by the combined American Legion posts of Endicott and Johnson. City with Hunley as manager but the lineup is practically the same as last season. Fisher is still playing as well as Hughes, Murphy, Irving and others well known to Oneonta fans through their playing here last season.

Last year E-J claimed the championship of this section, although beaten in the series with Oneonta. They may have championship pretensions this season, but Oneonta has got to be reckoned with again and the first test will come this afternoon. Thomas will not unlikely be on the mound for the Giants and with him in usual form the E-J heavy sluggers may find the ball rather difficult to locate.

## Meetings Sunday.

Members of Susquehanna lodge, No. 71, B. of L. P. and E. Regular meeting Sunday afternoon at 2:30 in B. of R. T. hall. Delegate LaGrange will be present and render his report. Other matters of interest will come before the meeting. Secretary.

Regular meeting of Musicians' union Sunday afternoon, at 4 o'clock, in Trade and Labor hall.

Rehearsal of Keeton's band Sunday evening at 8 o'clock in Municipal hall. A full attendance desired.

Y. P. C. U. of the Chapin Memorial church will meet at 10:30 a. m. Sunday instead of regular time. Every member please be present at 10:30.

Members of the Protected Home circle are requested to meet at the trolley station Sunday, at 1 p. m., to attend the funeral of Charles E. Norton, husband of Sister Alice Norton.

## Gun Club Smoker.

The Oneonta Fish, Game and Gun club will hold a smoker at the Windsor hotel Monday evening, June 26, at 8 o'clock. A very enjoyable time is assured. Arrangements for the prizes for the fishing contest will be completed and several other matters will be discussed. Come and bring your sportsmen friends. All are welcome. advt 11

## CIRCUS LICENSE CANCELLED

Mayor Miller After Some Investigation, After Some Investigation, Rescinds Permit to Exhibit in Wilber Park—Action Meets With General Approval.

There resulted so much of criticism of the proposed visit to Oneonta of the Smith Greater Shows and the granting of a permit to pitch their tents in Wilber park that Mayor Miller made some investigations and ascertained that elsewhere the show had not proven to be exactly as its advance agent had represented it to be. The police department at Kingston made an unfavorable report. In that city each concession is required to pay a separate license so that the price was prohibitive and the show has pitched its tents outside the city limits there.

It was stated that the circus has all the features usually found in a carnival, while the representations made here were to the effect that none of the objectionable features of a carnival were to be found with the Smith Shows.

Accordingly Mayor Miller wired the company that the license permit in Oneonta had been cancelled and that the show would not be permitted to exhibit here. The local firemen, for whose benefit the show was announced, were also notified of the action.

An advance representative of the company, who has been in Oneonta several days, stated yesterday after the mayor had acted that the company had made all arrangements to come to Oneonta and would not be able to make a change. There was a persistent rumor that the company had already shipped some of its equipment here, but in view of the fact that it does not close in Kingston until tonight, this is believed to be incorrect.

While citizens generally are in sympathy with the firemen and their desire to increase their pension fund and other funds, there was a decided and outspoken protest about the city at the announcement that the circus was coming and many expressed surprise, it being recalled that the city had gone on record against carnivals.

When the company was booked it was stated that the company brought none of the features of the carnival and that it could not be classed as such.

Upon this statement the license was granted. It, however, was disclosed to Mayor Miller that the company has put on many of the usual carnival stunts at Kingston and citizens who have the moral and physical welfare of the city at heart will applaud the action of the mayor.

## BACCALAUREATE SERMON

Sermon to be Delivered Sunday by Rev. M. E. VanNostrand of Albany.

Sunday, June 25, marks the beginning of Commencement Week at the Oneonta High school. This is one of the finest and largest classes ever graduated from the High school and the programs for the various events of the week are correspondingly original and interesting. Commencement Week opens with the baccalaureate sermon to be delivered in the High school auditorium at 8 o'clock Sunday evening by Rev. M. E. VanNostrand of Albany. Several local clergymen will take part in the services. There will be a musical selection by the High school chorus and by Miss Shufelt of the High school faculty. The program for the evening is as follows:

Hymn—"Holy, Holy, Holy."  
Invocation—Rev. N. S. Burd.  
Solo—"The Good Shepherd" by Miss Shufelt.

Scripture Lesson—Rev. Philip M. Luther.

Prayer—Rev. B. M. Johns, D. D.  
Anthem—"Praise to the Father" by the High School Chorus.

Sermon—"The Investment of Life" by Rev. M. E. VanNostrand, R. D. of Emmanuel Baptist church of Albany, N. Y.

Hymn—"Come Thou Almighty King."  
Benediction—Rev. W. C. Dodge.

Members of the High school classes and the general public are invited to be present to enjoy the inspiring sermon of Rev. M. E. VanNostrand.

Most Important Game of Season.

Chief Horton's Police Pellet Propellers, in other words the baseball team representing the city's finest, will play Captain Fox's State Trooper team at Sidney this morning in what is regarded by the players on both sides to be the most important game of the season in this part of the state. The local cops and ringers, among the latter Police Attorney Donald H. Grant, Ralph S. Wyckoff and Carl B. Lattin, will leave the city at 9 a. m. by auto and the game will start immediately following their arrival at the Sidney Barracks. After the contest a chicken dinner will be served to the athletes, who will doubtless be in need of nourishment by that time. If the cops can't win the game by fair means they fully intend to take first eating honors by fowl. Lattin will twist for the coppers.

If a chap in Oneonta cheats, steals or goes wrong in some scandal, we all grab at and read about it, don't we? Yes, I know we do. But if I tell, through the Oneonta Star, how I unselfishly help little fellows in a square deal and fair chance way to have money, without cheating and stealing and how I give them a live and let live chance to get homes and farms, by making real money pay for them, many of us don't read or care a darn about it. Is it any wonder that the newspapers print all of the underworld dope? Ain't we queer? Don't you hear a lot of people whine and complain because they didn't find out about me and now have a nice slice of several million dollars that I have safely rolled up from small amounts? Well, I'm still on the job and am thus safely rolling up over four million more and we all have the same chance, air and sunshine. I'm the safe and sane Oneonta Building and Loan association. advt 11

## FEDERAL AGENTS MAKE HAUL

SIX PERSONS ARRESTED HERE AND IN MARYLAND LAST EVENING FOR ILLEGAL POSSESSION

Slag Hotel, Lamont's Cafe and "Stone Jug" Raided Here and William Lamont, Alfred Eggleston, Fred Kenyon and Merton Gifford Arrested When Alleged Liquor Is Found in First Two Places—John Odell and Wife Arrested at Maryland.

Three places raided here and one in Maryland, six persons arrested for illegal possession of liquor, and a quantity of alleged liquor seized resulted from the sudden visit to this section last evening of ten federal prohibition agents, who arrived armed with search warrants and bent on making a big haul. The visit of the officers to this city was sudden and entirely unexpected even by local police officials. Seven of the federal prohibition men alighted from the 8:20 train from Binghamton and within 15 minutes had raided the Slag hotel on Broad street, the cafe of William Lamont on Main street and Peter De-Nigra's "Stone Jug" on Market street and had arrested William Lamont, Alfred Eggleston, Merton Gifford and Fred Kenyon when they found alleged liquor in Lamont's place and in the Slag. A thorough search of the "Stone Jug" failed to reveal any contraband stuff. Meanwhile three of the officers visited the Maryland hotel and had arrested the proprietor, John Odell, and his wife.

The raid was conducted simultaneously. As the officers entered the Slag hotel the bartender, Merton Gifford, pulled a bottle from behind the bar and tossed it through the back door into the yard. The officers were out of the door about as soon as the bottle, however, and a half pint of alleged whiskey was salvaged from the wreckage. The place was thoroughly searched but no other suspicious stuff was found. The office safe was locked and no one could be found who had the combination so the officers sealed it on the chance that Gifford and Fred Kenyon were arrested here.

At the Lamont cafe endeavor was also made to destroy the evidence. Eggleston, the bar-tender, attempting to pour the contents of a bottle into the sink when he saw the officers enter. About 8 ounces of fluid was obtained here. Lamont, the proprietor, and Eggleston were arrested. The searching party assigned to De-Nigra's place made a thorough inspection of the premises but failed to find anything other than Horke Vint and other tonics, which can be sold by the bottle. At Maryland the raiding party, headed by William Cohen, chief of the party, and which had gone on ahead by automobile, visited the Maryland hotel and found there 6 ounces of alleged whiskey and a half pint of alleged wine. Proprietor Odell and his wife were placed under arrest and ordered to appear before Judge Huntington in Oneonta this morning.

The prisoners obtained in the Oneonta raid were taken to police headquarters and Judge Huntington was summoned. Gifford and Kenyon were unable to furnish bail for an appearance before United States Commissioner J. S. Wickham at Binghamton at 1:30 o'clock on Tuesday next and were remanded to jail. Lamont was released under \$1,000 bail, the bond being signed by W. H. Winney, James J. Boyland was Eggleston's surety in the same amount.

The federal party was from the Syracuse office and consisted of William Cohen, in charge; William Iannola, Marc Duckland, Salvatore Amendola, John Paulino, Patrick Phelan, Albert Randall, James S. Lorton, Leon Maloney and Leslie Hall. An endeavor had been made for some time to collect evidence against the places raided and last week Mr. Amendola was in the city and secured enough evidence to justify the issuance of search warrants by Commissioner Wickham.

The raid, the biggest ever attempted in this section by federal officers, was well managed. The men stopped in the station simply long enough to check their baggage and then went in groups of three to the places they were to visit. It had been agreed that 8:30 would be the "zero hour" and the raids were conducted simultaneously so that there would be no "tipping off." All exits were watched and every nook and cranny of the cafes searched for contraband. No sales were attempted in the presence of any of the officers and the arrests were made for illegal possession of liquor.

Lutheran Children's Day.

The Children's day entertainment at the English Lutheran church of the Atonement has been postponed until July 2. It was found that owing to inadequate preparation and incomplete arrangements it would be necessary to postpone the exercises for a week, and it has been announced that Children's day at the church will be observed on Sunday, July 2.

## CHAUTAUQUA TICKETS READY

Best Bargain—City Residents Are Offered Fifteen High Class Entertainments at 15 Cents Each—Only 750 Will Be Sold at \$2.25 Each.

The most for the least money might well be the slogan for the summer Chautauqua to be held in a new tent on the lower end of Wilber park, July 21 to 27, when Oneontans and vicinity residents will be able to witness 15 high grade entertainments at the average price of 15 cents each, provided they purchase tickets of local guarantors before 750 tickets are sold. Tickets now can be secured at \$2.25 for the season but after the center has been fulfilled the price will be advanced to \$3.

At a well-attended meeting of the guarantors held last night at the Chamber of Commerce rooms, the tickets were passed out to them and commencing this morning they will be on sale until all of the 750 adult and 100 children tickets are sold. Some of the guarantors had already placed with regular attendants at the Chautauqua and with the attractive program announced it is believed that long before the date of the opening arrives all of the tickets will have been sold.

It should be remembered that the war tax has been eliminated this year by an agreement that any excess income from the Chautauquas on this circuit shall be equally divided among designated charities, one in each place on the circuit. This reduces the price below that of last year while the program is one of the very best yet offered.

Tickets are in the hands of the following guarantors, whose interest makes it possible to secure a Red-path Chautauqua in Oneonta:

H. D. Allen, Owen C. Becker, A. R. Benedict, Harry C. Bard, George Bedford, Mrs. Ella G. Bedford, Mrs. Nettie W. Bennett, West Oneonta, C. I. Biederman, Mrs. Elizabeth W. Blackall, Mrs. A. H. ATTEND P. H. C. CONVENTION

Three Oneonta Delegates Return Home; Mrs. Eckerson Grand Officer.

Mrs. Libbie Terrell and Mrs. Rebecca Eckerson arrived home yesterday afternoon from Salamanca, where they attended the annual meeting of the Grand Circle of the Protected Home circle as delegates of Oneonta circle, No. 248. The third delegate, Mrs. Amelia Linarve, stopped over in Binghamton to spend the week-end with friends.

Oneonta circle was honored by the election of Mrs. Eckerson as grand watchman of the Grand circle, and much gratification over the success of the convention was expressed at last night's regular meeting. Officers were elected at this meeting and will be published at the time of their installation.

The next state convention of the organization will be held in Binghamton in 1924.

### INJURED IN AUTO ACCIDENT

**Mrs. Amos Ward Suffers Fractured Shoulder When Car Overturns.**

Davenport, June 23. — Arthur Ingerham and wife of Oneonta, while returning from a trip to Oneonta, met with an accident about two miles from this village yesterday afternoon, which resulted in the fractured shoulder of Mrs. Amos Ward, a relative of theirs who was riding with them. According to their statement after the accident, they were coming down Larrabee hill when the left front shoe blew out, causing the driver to lose control of the machine and for them to be run into by another car, which proceeded on its way. Their car turned completely over down a short embankment.

Ingerham's injuries consisted of cuts and bruises, while the driver, Mrs. Ingerham, escaped injury. A passerby took Mrs. Ward to her home below Davenport Center and Mrs. Ingerham was brought here. Dr. Craig attended both injured parties.

### Trolley Passengers Transferred.

Mohawk, June 23. — The trolley line from Oneonta to Mohawk, which had just put in temporary repairs from the previous rains, was put out of commission again by the storm of Wednesday, so the passengers have again to be transferred from Mohawk to a point near Day's lock, nearly four miles out of the village.

You are cordially invited to attend the strawberry social to be held at the River street Baptist church Monday evening, June 26. Get tickets from members of the Baracca class or at the door—twenty-five cents. advt 2t

### MARRIAGES.

Ralph B. Hayner and Ethel F. Miller were quietly united in marriage by Rev. Dr. C. S. Pendleton of the Main Street Baptist church at 3 o'clock yesterday afternoon at the home of Mr. and Mrs. Joseph Redmond, 16 Liberty street. They were unaccompanied. Mr. Hayner is employed by the Delaware and Hudson company and both he and his bride are estimable young people who will have the best wishes of many friends. They will reside at 16 Liberty street for a time at least.

### Radio Concert at Bainbridge.

About 150 Masons and their friends were pleasantly entertained at the Masonic club at Bainbridge last evening by a radio concert and demonstration put on by A. W. Wildgrube of this city. Programs from Newark, Schenectady, Pittsburgh and Washington were reproduced clearly. A loud speaking device was used with success.

## "BIG FOUR" HAS NEW MEMBER

David B. Robertson of Cleveland Succeeds W. S. Carter as Head of Firemen.

Cleveland, O., June 22.—The "Big Four" as the leaders in the four big transportation brotherhoods has been frequently referred to, has a new member as the result of the recent election at the triennial convention at Houston, Texas, of David B. Robertson of Cleveland, as president of the Brotherhood of Locomotive Firemen and Engineers to succeed W. S. Carter, Cleveland, who declined to serve after being chief executive of the firemen for many years. Mr. Carter accepted a newly created office with the brotherhood, as head of a research and publicity bureau.

Mr. Robertson will take his new office next January. Mr. Robertson is one of the youngest men ever elected to leadership of one of the big four brotherhoods.

He was born in Youngstown, Ohio, 15 years ago and has held various high official positions with the brotherhood. He moved here a few years ago. His career shows the remarkable rise of a typical American from a brick boy to president of one of the largest international railroad brotherhoods in the world.

At the age of 11 years Robertson started work in a brick yard here. He began reroofing in 1899 as a wiper in the Pennsylvania Railroad shops, later going to the Erie shops as an assistant, advancing to chief, and then entering train service as a fireman. Shortly after he was elected chairman of the Youngstown local of the firemen's organization. Later he was promoted from fireman to engineer.

In 1905 he was elected general chairman of the firemen's brotherhood for the Erie railroad system and was elected a vice president of the firemen in 1913.

Deprived of the chance to go to school at the age of 11 years after three years in grade schools, young Robertson made up the deficiency by six years of studying in night schools after working hours.

### DAVENPORT COMMENCEMENT

County Judge A. J. McNaught Addressed Graduates, Class and Members Do Handsomely in Their Efforts.

Davenport, June 22. — Judge A. J. McNaught delivered an excellent address, in which many helpful suggestions were offered to the members of the graduating class at the annual commencement of the Davenport High school this evening. The hall was prettily decorated in the class colors, white and gold, and was filled to overflowing by students and friends of the school. Music during the evening was furnished by the Company G orchestra of Oneonta, and all were delighted with the selections.

The five members of the class had places on the program as follows: Salutatory, Paul M. Benson; class poem, Lillie E. Roth; history and prophecy, Eunice L. Reynolds; presentation, Duane E. Baird; valedictory, Hazel A. Porter. All did so admirably that it would be difficult and discriminatory to refer to length to the effort of any particular one. All citizens present were proud of each and all of them.

The diplomas were presented to the graduates by E. A. Taber, president of the board of education, and the preliminary and attendance certificates to other students by M. G. Nelson of Freedom, school superintendent for this district.

The exercises throughout were most interesting and reflected much credit upon the faculty of the school and the work of the past year.

### STORY OF ROBINS TRAVELS

Published With Some Embellishments in Los Angeles, Cal. Times.

That news items features in travel is well illustrated by a clipping from the Los Angeles, Cal. Times recently forwarded by Miss Alice Swackhammer to her parents here. It gives a garbled account of the return of the robin's nest containing two young birds and one egg found on the porch of a flat in removed from the gravel bank near West Davenport while it was being inspected at Arkville to the spot from which the car had been removed. It states that the car and bus were sent back about noon the mother bird found her little ones. The correct story recently appeared in The Star.

Miss Swackhammer, from whom this item is received, is the second of three daughters of Mr. and Mrs. Samuel Swackhammer of Schenectady. After completing her nursing training course at St. Luke's hospital in New York city three years ago Miss Swackhammer accepted a call to Rio de Janeiro, South America, to enter a hospital under the supervision of the Mission Hospital of the Methodist, Presbyterian and Episcopal churches remaining in South America until the late fall of 1921 when, with a party of nurses, she made the ocean trip to Africa, Japan and finally returned to the United States via Vancouver, B. C. Miss Swackhammer is now doing private nursing in Los Angeles, California.

A Duet of Train Riders. Walter Kegan of Monroe, Mich. arrested Wednesday evening for illegal train riding, pleaded guilty when arraigned before Judge Huntington and was fined three dollars, which he paid.

Charles H. Hammond, another side-puller, picked up early yesterday morning, didn't get off so easily. He was fined \$5 and being unable to raise that much cash was sent to Cooperstown for five days.

Funeral of Charles S. Norton. The funeral of Charles S. Norton will be held Sunday afternoon at 1:30 at the family residence, 22 Cherry street. Rev. Dr. B. J. Farley will officiate and interment will be made in the Plains cemetery.

## PRETTY PRAIRIE WEDDING

Miss Edith Smith of Oneonta and Barclay Webster of Conshohocken, Pa., Married at Douglas, Wyoming.

A wedding of much interest to many Oneonta people took place at Douglas, Wyoming, on Monday, June 19, when Miss Edith Smith of this city and Barclay Webster of Conshohocken, Pa., were united in marriage. The ceremony was performed at high noon out on the open prairie a few miles from Douglas. The bride was attended by her sister, Miss Leona Smith, of this city, and Fred Guthrie of Douglas was best man. The bride's dress was of brown Canton crepe, lined with bronze beads and that of the bridesmaid was of blue Canton crepe trimmed with steel beads. Both bride and bridesmaid carried beautiful variety bouquets of flowers plucked from the prairie. Following the ceremony the bridal party and guests partook of a beautiful wedding luncheon at the Hotel LaFayette in Douglas.

The bride is a daughter of Mr. and Mrs. D. A. Smith of this city. She was a student of the Oneonta High school and later was employed as a milliner in the shop of Sniffen & Van-Clift. The groom is a graduate of a Pennsylvania School for Boys and also attended the Pennsylvania State college. He now holds a very responsible position with the Mid-West Electric company at Laramie, Wyoming, where the couple will reside. Their honeymoon is being spent in a trip through northern Wyoming and the Yellowstone National park.

## COMMUTER BENEFITS WHEN TROLLEY AND BUS JOIN FORCES

WHITE MODEL 50 BUS—A TYPE POPULAR WITH RAILWAYS

The fact that he may reside blocks from a car line is not causing the commuter as much inconvenience as formerly. Electric railways in their desire to better serve patrons are installing motor busses for the convenience of riders living in sections not adjacent to car lines, and many a commuter now finds it possible to step from his porch into a waiting motor bus and be whisked away to the nearest transfer point on an electric line.

Electric railways are rapidly turning to the motor bus as an economical means for extending service and better serving the public. Numerous well known traction companies have added motor bus equipment in recent months and indications are the electric lines ultimately will become large users of the gasoline carrier. Railways in a number of cities have purchased busses for the establishing of feeder lines and initial experiments have proved so successful that many roads after giving the bus a thorough trial have decided to greatly increase their bus equipment. The bus offers an excellent cross-town transportation medium and is far less costly than equipment necessary for the operation of electric cars.

The Milwaukee Electric Railway & Light Company is a large user of busses. The company has 18 White busses in service and nine more on order. ## ARTHUR LEE ARRESTED

Man for Whom Police Have Been Looking Arrested and Fined for Third Degree Assault.

Arthur Lee, for whom a warrant charging third degree assault was issued three weeks ago and for whom the police have been searching since that time, got into the dragnet early yesterday morning. He was eating in a local restaurant when Officer Hopkins entered and recognized him. Lee refused to submit to arrest without being shown the warrant and Hopkins called Officer Jones from headquarters and the latter, armed with the warrant, made the arrest.

When arraigned in city court later in the morning Lee pleaded guilty and was fined \$10 and sentenced to six months in the Albany penitentiary with the alternative of escaping the jail sentence by getting out of the city and staying out for six months. Lee decided to take the latter course. The arrest grew out of a squabble at Reynolds' hotel in the midst of which Lee swung on a man and found his mark.

## Thought and Speech.

The precise relation between speaking and thinking is a matter hard to define but it is clear that in a person's education the word and the idea are inseparable. When a child learns a new word he learns a new idea. When you enlarge his vocabulary you enlarge his mind. Few people would deny that clear thinking is the greatest aim in all education as well as the chief need in our civic and social life today.

## Olive Is Ancient Fruit.

It is doubtful if there are many fruits that have been known to man longer than the olive. Records show it was cultivated by the Egyptians more than 4,000 years ago, and olives and the olive tree are mentioned often in the Bible and all ancient writings. Asia Minor is supposed to have been the original home of the olive. The trees often reach a great height and a very old age—some of them in parts of southern France being nearly 2,000 years old.

## THAT TIRESOME TIMES TIRADE

Unadilla Sport Writer Abuses Oneonta Umpires Most Unjustly.

The sport writer for the Unadilla Times, evidently dissatisfied with his team gets two-thirds of the close decisions because not given them all, in an account of the game played here a week ago yesterday indulges in a tirade of abuse of the Oneonta umpires, saying that the Unadilla spectators came "fully expecting that it would be impossible for the Athletics to win and having their expectations realized through the anticipated agency—biased and unfair umpiring—which more than ought else nowadays is contributing to Oneonta's fate."

Later in the article the writer refers to "100 per cent rowdiness at which Oneontans are now, as ever, past masters" and says "the appended score fails to show the numerous assists made by the Oneonta umpires." Poor unfortunate soul. None in Oneonta are prepared to believe that he voices the prevailing sentiment in Unadilla. Oneonta has no team of world beaters. It, however, has a team that goes to Scranton, Kingston, Albany and Elmira and wins from their strongest teams with home umpires, but when Unadilla loses to such a team, it's the umpires. How absurd! Unadilla has a good team, but neither are they world beaters.

The writer is, however, more to be pitied than censured. Unadilla is your average game and the scribe evidently is even as young as the Athletics association, judged by his baby wails. When he has lived longer and seen more ball games, he will discover that it is not always superior merit and playing ability when the home team wins nor always the fault of the umpire when the home team loses.

## Parents of Alexander Hamilton.

Alexander Hamilton was born at Charles Town, in the island of Nevis, West Indies, January 11, 1757, and appears to have been the natural son of a Scottish trader named James Hamillon, who died on the island of St. Vincent about 1769, and Rachel Levine, originally named Faucette, and of French-Huguenot descent, who sometime previously had separated from her husband.

## Practical Uncle.

The wealthy uncle was talking over the prospects of his nephew with the boy's mother. "How is he doing with his studies?" "Oh, very well. He's very intelligent; he shows a great talent for music, and his manner is very haughty. His teacher thinks he will become a conductor." "Ah! Indeed?" responded his uncle; "bus or trolley car?"

## Conclusion Gravely Reached.

James was playing in the back yard. A little dog belonging to a neighbor came into his yard. James tried repeatedly to make friends with the dog, but the dog would only bark and snarl when he came near. Finally the child turned to his mother and said, "I don't think that dog shows the right spirit."

## Blooming Plants.

All blooming plants need light and should be turned daily so they do not develop one-sided. A window in the room in which they are should be opened for at least ten minutes daily. If the weather is cold the plants should be removed to the far side of the room.

## OTSEGO AND HEREABOUTS

Happenings of Real Interest in Our Own and Adjoining Counties.

Hotel porters at Sharon Springs must hereafter put the soft pedal on their railway station activities. Twenty-five of the hotel attendants up to week by the local police for disorder on arrival of trains and were fined from ten to fifteen dollars each. One woman during a recent melee was knocked under a train and was saved only through the prompt action of Station Master Bullock. The porters, who paid their fines, were warned that the next disturbance would be followed by jail sentences.

## EPISCOPALS SAY IT PAYS TO ADVERTISE

Publicity Department of Church Strongly Advocates It to Further Spread of the Gospel

New York, June 21.—Newspaper advertising to further the spread of the gospel is strongly advocated by the publicity department of the Episcopal church, which has brought out its recommendations, after a thorough study of the question of advertising, in a pamphlet entitled, "A Handbook of Church Publicity," issued under the authorization of the National Council of the church.

"No one can look at the newspapers and magazines and doubt that it pays to advertise," says the Rev. Robert E. Gibson, executive secretary of the publicity department, and author of the text book. "Why should not this method of such proven efficiency be used for the propagation of the Gospel? Advertising is not necessarily sensational. It merely seems to be so because we are not accustomed to it for church purposes."

One of the striking features of the book is Mr. Gibson's strong advocacy of the fullest use by the churches of the advertising columns of the daily press not only for mere church notices, but for spreading the Gospel among the masses.

"We have thought of publicity in the newspapers as merely a method of giving public notice of a service or a meeting, or of making public the account of something that has taken place," says Mr. Gibson. "We have thought too much of building up the attendance at a service or of exploiting persons or organizations. We are only beginning to think of church publicity in the public press as evangelistic in purpose. The newspapers themselves are really far ahead of the churches in their recognition of this evangelistic opportunity. Many editors are convinced that the problems of the world will never be solved rightly until Christian principles are applied and that therefore it is one of the functions of the public press to present and apply Christian principles."

"Advertising with an evangelistic purpose," says Mr. Gibson, "where the aim is to reach the unchurched, must be in the newspapers." Mr. Gibson suggests a form of advertising to churches which will take the shape of a miniature sermon, "briefly interpreting some passage of scripture or briefly applying some Christian principle." Sermonettes, of a hundred words in length, with the name of the preacher and his church annexed are also recommended.

Mr. Gibson's conclusion and recommendations are the outcome of a resolution adopted by the National Council at its Washington meeting last July.

Church promotion by radio, moving pictures, posters, etc., is also considered in the handbook.

## "millions now living

will never die" —Judge Rutherford

LIFE, perfect, limitless; with a regenerated race; on a restored earth; with a corrected climate and life-perpetuating food; under a Government which will satisfy the righteous desires of every living creature. And it's here, at the door! The portals of the new age are swinging open and many will enter and never die.

Is it any wonder that we have to tell it again and again? How could one in possession of this priceless knowledge remain silent? The very stones would cry out!

You can by no means afford to let business or pleasure or anyone deprive you of the solace and benefits enjoyed by those who have investigated this timely and heart cheering message. The opportunity is provided in the lecture by W. W. Moore of Binghamton.

Subject, "The World's Judgment Day at Hand. How Long Will It Last? What Will Be the Result?" Sunday, June 25, 3 P. M., Municipal Hall, Oneonta, N. Y.
